Energy Savings Loan Approved Products and Services

Level 1, 2 and 3 Loans

Loan qualifications: This is approved products and services list for Pierce Pepin Cooperative Service's Energy Savings Loan Program. **The project must be an approved energy efficiency project to qualify for this program. As stated earlier in the application,** Pierce Pepin Cooperative Services may perform pre- and post-inspections to verify the work has been completed per the scope of the approved project. **Approved services rendered by a third party must have an official quote accompanying the application.**

Please provide the required information below and return to our office at **W7725 U.S. HWY 10, P.O. Box 420, Ellsworth, WI 54011**. Please call (715) 273-4355 or (800) 924-2133 if you have any questions about your application.

Qualifying Energy Efficiency Products and Services (purchase and installation by PPCS or others) for Pilot Program:

- Electric Water Heaters
- Electrical Panel Upgrades
- Electric Vehicle (EV) Chargers
- Emergency Back Up Generators
- Electrician Services (for the purposes of energy efficiency)

Terms & Conditions

There is a loan administration fee of \$50 for all loans and a loan default fee of \$500 per loan. The loan application can be completed online or in person. All official legal loan documents will be completed in person at Pierce Pepin Cooperative Services physical location noted above. The maximum individual loan is \$10,000, with a maximum of two loans per member (or \$20,000). All loans will require a lien registration document for the member service address. The lien will be registered in the applicants service location county. Anyone receiving a loan will be required to be on our load management program and have a load control receiver installed. For Level 3 loans, a full credit check is required and could impact your credit score.

Questions? Contact our office and we will assist you.
