SOLAR SOLUTIONS

Solar Array Consultations

Thinking about going solar? Our expert solar array consultation services help our community members navigate the transition to clean, renewable energy with confidence. We assess your home or business, provide personalized recommendations, and guide you through incentives and financing options available in Wisconsin. Whether you're looking to lower energy costs, reduce your carbon footprint, or gain energy independence, we're here to simplify solar.

Why buy from PPCS? When you purchase equipment and services from your local electrical cooperative, it's not just a transaction, you'll get unmatched support and guidance from the people who power your community. Trust us to provide you with solutions that help you *Live Better*®.

WHY SOLAR?

Increased Home Value

Homes with solar panels often sell faster and at higher prices, making it a smart investment.

Energy Independence

Stay powered during outages and reduce dependence on fluctuating energy prices.

Environmental Impact

Reduce your carbon footprint and contribute to a healthier planet for future generations.

Lower Energy Bills

Slash monthly utility bills and enjoy long-term savings that grow over time.

Incentives and Tax Credits

Offset upfront costs and shorten your payback period with generous financial incentives.
