

Enroll in SHIFT for Savings Notifications

You must be enrolled in SmartHub before you can enable these notifications.

1. Open the SmartHub application.
2. In the left-hand menu, select **Contact Methods**.
3. Add your preferred contact methods.
4. Verify each contact method you enter before it becomes active.

5. Select **Manage Notifications** from the left-hand menu.
6. On the right side of the screen, click **On Demand**.
7. Locate and select Shift for Savings Event.
8. Enter your contact information for the type of notification you want to receive.
