

Huber Achieves Credentials in Utility Competencies

Ellsworth, WI [November 16, 2015] – Ginny Huber, a board member with Pierce Pepin Cooperative Services, was recognized by the National Rural Electric Cooperative Association (NRECA) for her commitment to education, earning the Credentialed Cooperative Director (CCD) certificate. The CCD certificate was presented to Huber by Chairman Roger Wiff at the co-op's monthly board meeting on November 12.

Today's electric utility environment imposes new demands on electric cooperative directors, particularly increased knowledge of changes in the electric utility business, new governance skills and a working knowledge of the cooperative principles. Pierce Pepin has a commitment to work through NRECA to sharpen this body of knowledge for the benefit of its electric cooperative members.

The CCD certificate reflects the foundational knowledge and skills required of co-op directors.

Huber was elected to the Pierce Pepin Cooperative Services Board of Directors in March 2014 for her first term and represents District 6, members in the Town of Trimble, Pierce County.
