

## **Brianna Hass Presented Live Better Community Service Award**

**[Ellsworth, WI]** – Brianna Hass is Pierce Pepin Cooperative Services' Live Better Community Service Award winner for the first quarter of 2018. While on break from college, she received the award and a \$100 Visa® gift card on December 19 for her generous volunteer work as a Pepin County 4-H member.

Hass has brought her plethora of talents to many aspects of 4-H. She has volunteered to participate in numerous 4-H Club community service projects, including highway and park cleanups and health care center visits. She continues to work as a 4-H Team Leader through coordinated projects such as the Military Halloween Candy Collection, making blankets for families in need, and repackaging items for the Food Bank. Hass has even taken her volunteerism out of state, serving needy families in Boston, MA, through a 4-H Service Learning trip. She also serves as an Ambassador for Reality Check, a high school financial event, and has taken on the responsibility of a 4-H camp counselor.

“Brianna, since becoming a 4-H member nine years ago, has continued her selfless acts of volunteerism on behalf of Pepin County 4-H,” said Marie Ritscher, 4-H Youth Development Agent, Pepin County. “She is a shining example for today’s youth.”

In her spare time, Hass enjoys playing basketball for Western Technical College and serving on their student government.

Congratulations, Brianna, and thank you for truly making a difference!

*Brittany Hass is presented the Live Better Community Service Award by Larry Dokkestul, Pierce Pepin's president and CEO, for her volunteer work through Pepin County 4-H.*
